Official Diagnostic Imaging Provider for:

ALL EXAMINATIONS Please bring your Health Care card and another piece of identification with this form.

If you have any questions about your exam, exam preparation, or need to change, or cancel your appointment, please contact Central Booking. Patients who miss their appointment and fail to cancel 24 hours prior to their exam may be charged a \$25.00 fee.

*For all examinations (except ultrasound):

1. If it has been more than 28 days since the start of your last period, please confirm with the technologist that you are not pregnant.
2. Some continuous glucose monitoring devices recommend removing the glucose monitor for all radiation imaging exams, while others specify that you only need to remove the device if it is in the direct beam. Some devices say that you don't need to remove them at all. Before scheduling a medical imaging exam at MIC, we recommend that all diabetic patients refer to their glucose monitoring device instructions so they can coordinate their appointment around the replacement of their device. If you are unsure if you will receive radiation during your appointment, please call our [Central Booking team at 780-450-1500](tel:780-450-1500).

Only exams below require preparation. Please review carefully to ensure the best exam results.

Ultrasound

Abdomen Nothing to eat or drink after midnight.

Abdomen with Pelvic or RLQ (Appendix)

1. Nothing to eat after midnight.
2. 90 minutes prior to your exam, empty your bladder, then drink 1 litre of water.
3. Finish drinking the full amount one hour prior to the examination.
4. Do not empty your bladder again prior to the examination.

Pelvic, Renal, Bladder, Nuchal Translucency Screening, or Obstetrical

(You may continue to eat)

1. 90 minutes prior to your exam, empty your bladder.
2. Drink 1 litre of water.
3. Finish drinking the full amount one hour prior to the examination.
4. Do not empty your bladder again prior to the examination.

Obstetric > 28 weeks *(Please have a snack prior to the exam)*

1. 90 minutes prior to your exam, empty your bladder.
2. Drink 500ml of water.
3. Finish drinking the full amount one hour prior to the examination.
4. Do not empty your bladder again prior to the examination.

Anal Sphincter Exam is done to assess tears of the anal sphincter. Exam is performed both vaginally and transperineal. No preparation required.

Mammography

Do not use perfume, deodorant, antiperspirant or talcum before the examination. If you experience premenstrual breast tenderness, you may delay booking until tenderness has subsided. Wear a two piece outfit. At the time of booking, you will be asked where your previous mammogram was done.
